

Project Description: Charles Russell LLP
Value: £400,000.00
Start Date: September 2008
Completion Date: February 2009

Charles Russell is a top 50 full service City legal practice with offices in London, Guildford, Cheltenham, Cambridge, Oxford, Geneva and Bahrain specialising in Corporate & Commercial, Real Estate, Litigation & Dispute Resolution, Employment & Pensions, Private Clients and Family Law.

PA Group was selected from a list of potential contractors to provide a turnkey, fast track solution within Clarendon House, Cambridge. Angela Murphy – Facilities Director worked closely with the PA Group team to ensure all aspects of the project were agreed and signed off prior to us commencing on site. The corporate image of the business was key as Cambridge was a new division within the business.

The works incorporated a reception space, 12 shared partner offices, meeting rooms and ancillary areas. The project was completed in line with both the programme and budget which were fixed upon appointment. We are delighted that we are continuing our successful partnership and looking at other projects in both the UK and abroad.
