

**Project Name:** O.C.I.M.F  
**Value:** £600,000.00  
**Start Date:** July 2008  
**Completion Date:** August 2008

The Oil Companies International Marine Forum (OCIMF) is a voluntary association of oil companies having an interest in the shipment and distribution of crude oil and oil products.

PA Group's appointment was to design, fit out, specify furniture and IT systems within the 29 Queen Anne's Gate London SW1. Our design brief was to create a contemporary, efficient and productive environment.

The key criteria for the client were to dramatically enhance departmental communications as well as improving staff morale. The project was delivered in just 5 weeks due to extended lease negotiations. It was imperative the relocation be carried out over a single weekend to limit disturbance to their everyday business dealings.

The works incorporated several executive offices, meeting rooms and open plan areas. The project was completed on time and on budget and due to our clear understanding of OCIMF and their motives for the project we are continuing to work on other projects with Philip Pascoe – General Council - OCIMF.
